

## NEW DATES FOR MASTER DRAWINGS LONDON

27 JUNE – 5 JULY 2012

**Jenny Saville, 1970, Mother and Children  
(After the Leonardo Cartoon) Charcoal on  
paper. Exhibitor: Stephen Ongpin**

The twelfth edition of **Master Drawings London**, will take place between **27 June – 5 July 2012**.

It has been agreed to move the dates forward to better reflect the material shown during the week. The new dates coincide with the **20<sup>th</sup> century** auctions that take place towards the end of June as well as the Old Master sales, which take place during the first week of July. Master Drawings London showcases seven centuries of artistic activity, from the Renaissance and to the present day. The move will enable the event to attract a broader range of collectors.

Master Drawings London was first launched in 2001 to attract collectors, both private and institutional that come to London for the sales. The event takes the form of a series of coordinated exhibitions in dealers' galleries throughout St. James and

Mayfair and provides a platform for leading specialist dealers to show their stock to an international audience. Together with the auction sales, Master Drawings London provides art connoisseurs with a comprehensive overview of the market.

Following on from the success of Master Drawings London its sister event Master Drawings New York was launched in 2007.
